

The following short stories, to be furnished over the next weeks, are of life as a young boy in the Forest City Area and are written by Robert Cole, Bordentown, NJ. His parents were Alfred and Jessie Atkinson Cole. He was born in 1940 in his grandparent's house on Railroad Street. His grandparents were Richard and Jessie Atkinson.

I sure liked the Little League bus trips to Yankee Stadium and the Polo Grounds. I wish that they would have gone to Ebbetts Field because the Brooklyn Dodgers were my team.

I played on the Little League VFW--Dodgers team for 4 years and what an experience. Would not trade those memories for anything in my life. Always looked forward to the bus trips.

The ball field was down the street from my house and we played there every day. Always a few kids to get a game together.

Sometimes the ball would get torn apart and we had to tape it with black tape, but it still worked.

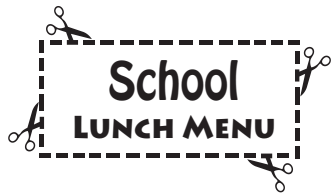

Wayne Memorial Launches Mobile Mammography

Beginning Tuesday, September 26th, women throughout Wayne County and the Greater Carbondale Region have increased access to life-saving breast cancer screenings, thanks to a "big pink van" housing a digital mammography system. The mobile mammography program will be available at Wayne Memorial Community Health Centers' family health centers in Hamlin, Lake Como, Vandling and Carbondale. Wayne Memorial officials say the program was initiated to address a community need.

The mobile mammography program received funding from the Wayne Memorial Hospital Auxiliary, the AllOne Foundation and the USDA's Distance Learning & Telemedicine program. "This project would not have happened without them," said Mr. Hoff.

The van will be staffed by mammography technologists from Wayne Memorial, whose mammography program is certified by the American College of Radiology. Wayne Memorial performs close to 5,000 mammograms each year.

To make an appointment for a screening in the mobile unit, patients with a prescription from their provider may call Wayne Memorial's Central Scheduling Department at (570) 251-6689.
