LETTER TO EDITOR

Dear Editor:

In the U.S. Navy we had a term for people who acted stupidly—Knuckleheads. From the Spartacus moment, thirty year rape allegation, obstruct the president at all costs—this is the Democrats Knucklehead platform. Do they really believe we are “Worse Off” today than we were two years ago under Obama??? Today we have a booming economy, low unemployment, strong stock market, lower income taxes, higher take home pay—all due to policies instituted by President Trump.

You don't have to like the president, only give credit for the results his policies achieved. The Democrats (knuckleheads which include some of my friends) platform is to dissolve the tax breaks, issue more job-killing regulations & continue to obstruct the president. Can't you see Maxine Waters, Chuck Schumer & Nancy Pelosi back in control of our govt.—I can't!!! Vote Republican in the November mid-term elections & keep the knuckleheads out of our wallets & Congress.

alive, and after his death, certainly can attest to this, and I am sure this is why the family did not want him to attend. If Mr. Trump did show up at the services, I am sure Senator McCain's family would have acted with respect towards him just as Senator John McCain would have done while he was alive.

Mr. Trump's actions of not lowering the flag to half-staff until he was pressured into it, to show respect for Senator John McCain, a Vietnam Veteran who risked his life for us and our greatnation, and who would not leave the prison camp until all his men were released, showed us his lack of respect for a true hero and honorable man. As we know, both Senator McCain and Mr. trump did not see eye to eye, but we all need to respect each other and do the right thing.

Mr. Trump is representing all the people of the U.S., and needs to act with dignity and honor, and so far that has been lacking from what I can see. In my opinion, America has always been great and we do not need to “Make America Great Again.” I think we need to make our presidency great again.

LETTER TO EDITOR

Dear Editor:

After reading this week's letter to the editor by Mr. Hollenback in the Wed., Sept. 12 edition, I felt compelled to write my own letter. I found, and read, the AP article by Jukiw Pace, “What's Lost When the President Can't Show?” I do not see where the writer is blaming Mr. Trump for not attending Senator McCain's funeral tributes or any other. I feel that the writer is just stating how sad it is that the person who is representing the U.S., holding the highest governing position, lacks respect for all people of our own great nation, and has been excluded from attending these events.

Mr. Trump's actions and words throughout his term as president has not shown him to be very Presidential. His words about Senator McCain while he was
